

# Network Vice Presidents

PPLSI has selected some of the most successful associates in your area to help support all associates. These leaders are your Network Vice Presidents. These NVPs help create local meetings, trainings, zoom presentations, and support all associates regardless of what organization you are in. They work with additional associates in local markets that are referred to as "Momentum Makers" who help create local events to support all associates. If you have questions on what is happening in your state or province, information on Super Saturdays, or want to know how you can get more involved with local associates, we encourage you to reach out to these leaders.
