

# Identity Theft and Privacy Protection

## Increase employees' peace of mind by giving them state-of-the-art identity and privacy protection.

Most of us don't want to think about it, but the reality is that private data and reputation can be stolen with just a few simple keystrokes. Rather than leaving security up to chance, proactively arm your people against cybercrimes and reputation hijacking with IDShield's award-winning privacy and reputation management consultation.

### The IDShield Benefit Provides:

- **Trend Micro Maximum Security:** Complete, multi-device protection against ransomware, viruses, dangerous websites, and identity thieves. Includes mobile security for Android and iOS. Cloud-based AI technology delivers highly effective, proactive protection against ever-evolving malware infections.
- **VPN (Virtual Private Network):** Convenient protection in public and private, through encrypted communications provided by Trend Micro. Filters help block malicious websites, online fraud, and internet scams. Full anonymity - no location or online activity tracking.
- **Full-Service Identity Restoration:** If identity theft occurs, our Licensed Private Investigators will do whatever it takes for as long as it takes to restore the member's identity to its pre-theft status. The investigator will work on the member's behalf to resolve the issue by contacting the appropriate government agencies, financial institutions, credit bureaus and collection agencies.
- **Password Manager:** Enables members to create strong and unique passwords and safely secure them. Identifies weak passwords and changes them to be unique and tough-to-hack.
- **Enhanced Privacy Management:** Consultation and guidance help members protect their privacy across the internet and on smart devices.
- **Financial Account Monitoring:** Provides monitoring for banking, credit card and investment account activity.
- **Reputation Management:** Scans social media accounts for any content you have posted in the past that could damage your online reputation.
- **\$3 Million Identity Fraud Protection:** Reimburses members for certain costs incurred as a result of a covered identity theft event – such as lost wages, travel expenses, child and elder care.

IDShield is a product of Pre-Paid Legal Services, Inc. ("PPLSI") and provides access to identity theft protection and restoration services. IDShield plans are available at individual or family rates. A family plan covers the named member, named member's spouse or domestic partner and eligible dependent children under the age of 18. Consultation and restoration services are available for eligible dependent children ages 18 to 26 who permanently reside in the same residence as the named member. All Licensed Private Investigators are licensed in the state of Oklahoma. An Identity Fraud Protection Plan ("Plan") is issued through a nationally recognized carrier. PPLSI is not an insurance carrier. This covers certain fraud expenses and legal costs as a result of a covered identity fraud event. See a Plan for complete terms, coverage, conditions, limitations, and family members who are eligible under the Plan.
